

EMPLOYMENT DISCRIMINATION

WHAT TO DO AT

Johnson Space Center

It is NASA's policy to provide Equal Employment Opportunity (EEO) for all employees and applicants for employment regardless of their race, color, religion, sex, age, national origin, sexual orientation, mental or physical disability.

All NASA employees and applicants for employment, including employees and applicants who are paid from nonappropriated funds, at the Johnson Space Center (JSC) or the White Sands Test Facility who believe they have experienced employment discrimination must contact an EEO Counselor before filing a discrimination complaint. The contact must be made within 45 calendar days of the date of the alleged discrimination.

Contract workers will qualify as 'Federal Employees' only if they meet certain criteria showing that NASA exercises control over the means and manner of their work performance. Contract workers (contingent workers) who believe they have experienced discrimination by NASA may qualify as a 'Federal Employee' and must contact an EEO Counselor within 45 calendar days of the date of the alleged discrimination. Contract workers may also contact U. S. Equal Employment Opportunity Commission directly with discrimination complaints.
